

The condition of Miss Cora Paul, who is confined in a Grand Forks hospital, is improving, according to a letter received here yesterday. She was operated upon for a cancerous growth in her breast. Miss Paul has resigned her position with C. F. Ringlee & Son and as soon as she is released from the hospital, she will go to her home at Red Lake Falls, Minn., to recuperate. She will be missed by many warm friends in Binford. She was a favorite in social circles and her pleasant and obliging disposition while attending to her duties as saleslady will make her place a hard one to fill. The Times joins in wishing her a speedy and complete recovery of her accustomed good health.
