

A serious auto accident occurred last Thursday, a few miles southwest of town, just a short distance beyond the barn on the Ole Bakken land. The car was occupied by Mrs. Robt. Pittinger and baby, Mr. and Mrs. Loyd Wetherell and Herb Parks. The car was being driven by Mr. Wetherell and was going along quite speedily. Just as they reached a dip in the road, the car swayed off the grade a little and, in attempting to get it back on again a radius rod was broken and at the same time a small culvert was hit. The speed of the car was sufficient to upset it. Mrs. Pittinger sustained a broken forearm and shoulder and her face scratched badly. Herb Parks suffered a broken collar bone, and the injuries to the others were of a minor nature.
