

The entertainment last night at the town hall, given by Mrs. Graham's class in expression, was very interesting, and showed much hard work upon the parts of both the pupils and Mrs. Graham. The program was rendered without a mishap; to an enthusiastic audience and each member received a well earned applause. It would not do for us to offer our opinion as to who were the best— suffice us to say that none filled their parts better than the younger members of the class. With proper training and a longer time to prepare, the class will be second to none in the golden northwest. Each student has reasons to feel proud of their instructor and likewise the instructor of her students. The members of the class are: Mabel Van Dusen, Rida Northrup, Myrtle Milligan, Mary Langer, Idella Wilson, Elsie Williams, Jessie McLaughlin, Lorena King, Ethel Moots, Lou Baker and Susie Jackson. Miss Jackson was unable to be present on account of sickness.
