
School Items.

Ethel Freeland has entered school for the winter.

August Peterson has left school and gone to Fargo.

Last Friday night two of our boys Ray Nelson and Albert Pressly conceived the bright idea of taking a ride in the country under their own responsibility. It became quite late and when they had not yet returned their friends became very much alarmed for their safety. Mr. Nelson went in search of the boys and found them at Mr. McKays. Ray was brought back and Albert returned the next day.
