## BURNED OUT.

Just before noon on Tuesday, A. R. Baker, who lives three miles west of this place, lost his house and most of the contents, by fire. Mr. Baker was away to town at the time. Henry Palfrey, while on his way to town and while passing Mr. Baker's place noticed the building was on fire and he turned in to help, but, the day being very windy, it was only a few minutes until all was enveloped in flames. Nearly everything was lost. The fire is supposed to have originated from a defective chimney or stovepipe. It is a serious loss for Mr. Baker to be burned out just at the approach of seeding and it is a serious loss to be burned out at any time, especially when there is no insurance as it was in Mr. Baker's case.
