

A team of horses belonging to Charles Jones, who has been employed on Sid Fuller's farm this fall, ran away last evening and cut severe capers around the street and finally turned the wagon over in the rear of the drug store, throwing Mr. Jones against the ground, causing serious injury. Dr. Philips was immediately summoned. The patient was removed to the doctor's office and medical aid rendered. The man is in a bad condition and internal injuries are feared. The horses were captured near Moote's blacksmith shop.
