

Last Thursday night by some unknown cause fire broke out in the barn of Mrs. Nybo, west of town, and completely destroyed barn, granary, 500 bushels of wheat, 400 bushels of oats, 4 horses, 4 cows, 4 steers, chickens, several tons of hay and considerable machinery, all went up in smoke. It is indeed a severe loss to Mrs. Nybo, and as a long cold winter is near at hand, it is all the worse. Friends immediately started assistance and will see that she is cared for until another crop can be raised.
