

Accident.

On Tuesday, Miss Burd Finney and the two Miss Popes were driving from R. A. Pope's to W'm. Pope's. They were leading a horse, which was tied to the body of the rig, that they were riding in. By some means the horse that was being led got frightened and pulled backwards. The seat was pulled, or thrown out and the occupants were all thrown to the ground. The rig was badly broken and Miss Addie Pope's eye was quite badly hurt.
