

# MELVILLE TRAGEDY

---

ROSA HERTEL, ACCIDENTALLY  
SHOT HERSELF IN MOUTH.  
CORONER TODD CALLED.

---

Last Friday evening, while at Jamestown, Coroner Todd was called to the vicinity of Melville to sit on the case of Rosa Hertel, a ten year old girl of that place, who had accidentally shot herself. It seems that the child was alone in the house at the time and was playing with a 22-calibre rifle, when the gun was discharged in some manner, the bullet entering her mouth, killing her instantly. The doctor was taken to the scene of the tragedy by Harry Wasser in his auto.—  
Medina Citizen.
