

Curtis Shepard received word Monday announcing the death of his brother, Mark, in a hospital at Fargo. Mark Shepard was 55 years of age and was one of the early settlers in Cass county, locating at Gardner where he operated an elevator until several years ago when he was afflicted with a severe case of blood poisoning and has since devoted his time to the management of the farms which he owned in the vicinity of Gardner. The deceased leaves a wife and four sisters and three brothers, among which are L. Shepard of Enderlin, and Curtis of this place. He was a man highly respected by all who knew him. The body has been shipped to Illinois, the old home of Mr. Shepard, where the funeral will be held this afternoon.
