

A SUDDEN DEATH

ANDREW WHITBECK DIED MONDAY AFTERNOON AT ROCHESTER WHERE HE HAD GONE FOR TREATMENT.

The community was shocked on Monday evening to learn of the death of Andrew Whitbeck which occurred at Rochester, Minn., on Monday afternoon. He had been sick for some time with an attack of pneumonia but it was thought that he was on the road to recovery when he was taken suddenly worse and it was decided to take him to Rochester to consult with the Drs. Mayo. They reached Rochester Sunday evening but his condition was such that the doctors held out but little hope and he passed away at 1:30 Monday afternoon, the cause of death being heart failure. The remains arrived in Courtenay this morning but owing to the fact that George Wright was delayed on account of washouts in Montana the funeral arrangements have not been completed.
