

George Adams will open the European restaurant in the Walsh block on Wednesday, April 7th. The rooms have all been repaired and repainted, his fixtures are all new and he will have one of the finest restaurants in this part of the country when he gets to going. Mr. Adams is an excellent cook and has on more than one occasion since his stay in Courtenay established a reputation for himself for the elegant spreads he furnished. See his announcement elsewhere in this issue.
