

best ever heard here.

We are very sorry to learn that A. A. Clark intends to leave soon for Williston where he has accepted a position as manager of a large furniture store. He has been connected with L. O. Larson in the capacity of book-keeper. While we are glad to hear of the well deserved promotion we are sorry to lose him as a citizen of Courtenay and we join with his many friends wishing him success in his new location. Mrs. Clark will remain until he can find a suitable residence.
