

## School Notes

The severe weather early in the week, again caused a great many absentees, especially in the lower grades. In spite of severe weather, school has been in session every day this year. The school has always been very comfortable.

The basket ball teams go to Harvey Friday where the return games are played in the evening. Harvey feels confident of winning upon their home floor. Courtenay is just as sure of securing two more victories.

A supply of perfect attendance certificates from the County Superintendent was received this week. Each pupil having a perfect record for the month secures a certificate. Three monthly certificates secures a quartetly certificate, and four quarterly certificates secures a very beautiful yearly certificate.
