

School Notes

Edith and Olga Olson enrolled Monday.

The text books in geology arrived this week and the class is now hard at work.

Both the Harvey girls and boys are coming down to play the local high school basket ball teams Saturday, Jan. 30th. These undoubtedly will be two very interesting games.

The teachers of the public schools were entertained at the home of Mr. and Mrs. Frank Wilson on Tuesday of this week. There was a sumptuous turkey dinner and a delightful time for all.

In the Kensal-Courtenay basket ball game last Saturday night, Mary Robinson and Vivian Durkee played the forward positions, Inez Atwood, center and Blauche Walsh and Lucy McWethy guards. Vivian Durkee threw seven field baskets, Mary Robinson, six and Inez Atwood, three field baskets and four baskets from the foul line. Kensal failed to score.

Our high school girls found the contest easy. They expect to get more real exercise in the Harvey game next Saturday night.
