

## School Notes

The basket ball teams of the public school are planning to give the Carrington teams a good time Friday night but they are not planning to give them the games if they can help it. Both the boys' and girls' teams are coming from Carrington Friday night and the games will be called as soon as convenient after the arrival of the train. The local teams will provide refreshments for all basket ball players, teachers and members of the board of education immediately after the games at the fire hall. They will entertain the visitors in their own homes. A very pleasant time is assured.

John Klabofski and Sylvia Syvertson were enrolled in the third grade this week.

Marion Robinson entered Monday after two weeks absence.

Blanch Walsh was elected captain by the members of the first basket ball team Wednesday evening.

All are cordially invited to be present at the Carrington-Court-enay basket ball games Friday night.

The boys' basket ball suits came Wednesday.
