

Mr. and Mrs. John Posey had rather a serious runaway accident last week while driving west of town. A rain storm came up and Mr. Posey got out to put the side curtains on the top and while he was thus engaged the horses became frightened by a loud clap of thunder and ran away. Mrs. Posey could not manage them and was thrown out and received a good many bruises. The horses got away and a day or two after the accident a son of Joe. Hicks brought them to town. Mrs. Posey has about recovered from the effects of the accident.
