

Roy, the five year old son of Mr. and Mrs. Dennis Posey, had the misfortune to break his leg on Thursday afternoon. Mrs. Posey had been cleaning house and set a small heating stove out in front of the porch. The stove was not quite as high as the porch and the little fellow thought he would jump from the porch to the stove and then to ground. When he struck the stove his leg went into the stove pipe hole and he fell over, breaking the leg between the knee and ankle.
