

A Sad Death

On Wednesday afternoon of last week occurred the death of Mrs. George H. Putman of Medina, wife of County Commissioner Putman. On Monday a prairie fire broke out near their home and she went to assist in fighting it when her clothing became ignited with the flames and she was terribly burned. Medical aid was summoned from Medina and Jamestown and

every effort was made to save her life, but all proved of no avail and she passed to the great beyond on Wednesday. The remains were taken to Jamestown on Thursday evening and the funeral was held from the Presbyterian church of that city on Friday.

Dr. Polley will be in his new office at Courtenay both Friday and Saturday after November 1st.
