
Death of Frank Sears

Word has been received by J. H. Sears, of the death in Chicago of Frank Sears, who passed away in that city on the 16th inst. He was taken sick with appendicitis December 26, and was recovering from that attack without an operation, but returned to work too soon, and was taken with typhoid fever from which he died. The deceased was 44 years of age, and resided for some years in this county engaged in farming. He leaves a wife and two children. The deceased went from Jamestown to Minneapolis some twelve years ago, and afterwards to Chicago.—Alert.
