

## **Geraldine Berlin Better**

D. B. Berlin returned Sunday morning from Rochester, Minn., where he was called last week on account of the serious illness of his daughter. When he left Rochester, Geraldine was resting quite well and seemed cheerful, but the doctors held out very little encouragement. During the week she showed signs of improvement and a card to Mr. Berlin this morning reports her condition greatly improved. This is good news to friends here, and it is hoped she will be able to return home with the family soon. — Wimbledon News.
