

## School Notes

Miss Hazel Beach is a new student in the eighth and ninth grades. She came here from Long Prairie, Minn. We are glad to have her in our classes.

Johnnie Reid fell on the ice Wednesday while skating and cut quite a gash above his eye. He went up town and had the injury fixed up and is getting along well.

The seventh year class began reciting civics with the eighth grade Wednesday last. They made a very good beginning and it is to be hoped that they will push the work along so as to complete the study this year.
