

School Notes

Miss Hazel Beach was out in the country Monday calling on relatives.

Leslie Jones was nursing a mild case of indisposition the fore part of the week.

This week the review test for March is held. Two more monthly tests this school year.

Harry Milne has just completed three school months without being absent or tardy. Besides he has walked three miles to get to school.

The teacher's meeting has been put off until April 14. Then a very good program will be had and we will likely have pleasant weather.

The first meadow lark reported in the neighborhood was on March 28. The first robin was heard this morning. Spring is certainly here.

Miss Owen was indisposed for a couple of days this week and Miss Baillie taught her room and Miss Helen Robinson took the primary department.

Miss Baillie will visit Valley City during the spring vacation next week and Miss Breen will see the home folks at Mandan, while Miss Owen may visit Fargo.

There is to be a meeting of the Northwestern Teachers' Association at Minot next week. From the program it no doubt will be worth attending.

Quite a number got standings in the seventh and eighth grades at the completion of the examination week before last. Don't let this slacken your efforts but keep the work moving.

Our high school base ball club will play a game with Wimbledon Saturday. We are of the opinion that our boys need to take care lest the boys down the Soo carry off the pennant. The game will begin about 2:30 p. m.

Next week the schools will observe a vacation for rest, recreation and to take care of all odd duties about home so all may finish the last two months in fine order. Get everything in shape so you will not need to lose any time in the windup of the year. Parents ought not deprive their children of this part of the school year as it is the most valuable. Give the children a chance to get ready for the great battle of life by giving them a good education.
