

Peter Fried has purchased the south second avenue residence of George Williams which he will occupy in the spring. He has sold his farm north of the city to his son, Peter U. Fried, intending to retire from active work. After New Years Mr. Fried and wife will leave for the Pacific coast, returning in the spring to occupy their city residence. Mr. Fried is one of the oldest residents of the county, coming here in 1879 with little or nothing and has since accumulated enough wealth to enjoy the remainder of his life.—
