From Journal, Feb. 7:—C. A. D. Kolb is back in town, closing up his affairs preparatory to leaving for good.

Mrs. Geo. Armstrong who has had a severe attack of pneumonia and who was thought to be recovering, suffered a relapse Sunday.

W. G. Tubbs was a passenger on the Wednesday's train bound for Hankinson. Billie's actions have been a little suspicious lately but he denies anything irregular in his actions.

Chris Bredahl and Ed McKinnon were at Minneapolis, Minn., the latter part of last week and until Wednesday of this week. They were down looking over equipment for the clubroom that they will soon open in the basement of the I. O. O. F. building.

Tom Nihill returned Wednesday morning from the Hot Springs of Arkansas, where he has been taking treatment for rheumatism. Tom thinks the hot water treatment would in time effect a complete cure. He further says that we are not suffering more in this climate with the cold than they are down there, as they are not prepared for the cold weather they are having there.

Lars N. Holm has been confined to the house for a couple of weeks, but was able to come to town Wednesday. He doesn't know just what the trouble was. Dr. Darrow was down from Moorhead to see him and Mrs. Holm who has also been feeling poorly and they are both much improved now. The Journal hopes the worthy couple may soon be enjoying their old time vigor.
