

## A BAD ACCIDENT

---

OLE MUNDAHL IS THROWN FROM HIS BUGGY ON TUESDAY AND WAS UNCONSCIOUS FOR SEVERAL HOURS AS A CONSEQUENCE.

---

What was at first thought to be a very serious accident happened on Tuesday afternoon when Ole Mundahl was coming to town. Dr. DePuy of Jamestown was on the road with an automobile and Mr. Mundahl's horses were so badly frightened that they became unmanageable and jumped into the ditch, upsetting the buggy and throwing Mr. Mundahl violently to the ground. Two of his little boys were in the buggy with him but they managed to escape unhurt. For a time after Mr. Mundahl was thrown out he was so violent that it required several men to hold him and he insisted that his boys were killed and paid no heed to the men who were about him. Dr. Sansing was called and soon had him quieted and apparently resting easy but just what his condition is cannot be ascertained at this time. It is evident that the buggy either fell on him or the horses got on top of him as he is quite badly bruised, but if there are no internal injuries he will probably recover in a short time.
