

of teeth.

Carl and Andrew Nelson were out in the western part of the county last week hunting geese and report rather poor success. A story is told of Carl going out in that country last year to hunt deer and after following a track for a couple of miles with his heart in his throat with the expectation of shooting a deer at any moment he was greatly chagrined to discover that he had followed off a hog. We hope that he was more experienced this year and his failure to down any game was not due to any lack of knowledge of the game he was hunting.
