

MANSLAUGHTER IN SECOND DEGREE

WAS THE FINDING OF THE JURY IN
THE ALBERT OLSON MURDER
CASE AND THEY RECOMMENDED
ELEVEN YEARS.

At nine o'clock on Friday evening the jury in the Albert Olson murder trial at Valley City sent word that they had reached an agreement and were ready to report. They returned a verdict of manslaughter in the second degree and recommended that he be sentenced to serve eleven years at hard labor in the penitentiary. It will be remembered that Scott drew eight years in the pen and today they will be sentenced by Judge Burke.
