News, March 29—The home of John Flewell north of town is under quarantine, owing to the daughter Lillian having scarlet fever.

T. E. McMillan and Robert Flewell were at Valley City attending the leasing of the school lands. Mr. Flewell was successful in getting his pasture lands again.

A very enjoyable time was had at the home of Mr. and Mrs. Anton Fried Tuesday evening, when a few invited friends engaged at playing progressive "66." Delicious refreshments were served at the close of the progressions.

A number of local nimrods got busy Sunday and shouldered their shooting irons and started out after the goose and duck. From all reports there was no great killings—but the boys must have given them an awful fright—as there wasn't a goose seen in these parts the following day—that's when we were out.

A. I. Hegge was at Carrington Wednesday where he engaged his services to the Foster County State Bank as manager of the real estate and insurance business for that institution. The many friends of Mr. and Mrs. Hegge here will regret to have them leave but will be pleased to know that they will make their home so nearby. Mr. Hegge will return to Carrington in a few days to assume his duties. This institution at Carrington is fortunate in securing such a capable and experienced man and we predict success for all concerned.
