

George E. Berg and Sandy Satre brought up from Valley City two runabout Maxwells on last Monday one of which was sold to F. W. Barts of Kensal and the other to A. L. Ede of this neighborhood. They have several more sales in sight. Shortly after they returned from Valley City George Berg got his right hand in contact with some of the gearing and had it badly lacerated and bruised. He had the wound dressed and it is now healing rapidly.
