

SCHOOL NOTES

Misses Vivian Durkee, Lucy McWethy and Vera Wilson departed Wednesday morning for Jamestown where they will take the teachers' examination.

* *

The students have been enjoying the excellent skating which is to be found near the school for the past few days.

* *

Miss Sarah Horn spent the latter part of last week at Jamestown where she went to have her eyes examined. We are glad to welcome her back to school again.

* *

Baseball has once more claimed the boys' attention and we hear that already they have had a few fast contests on the diamond.

* *

On last Friday evening the Literary society held its third open meeting. An interesting program was rendered and was attended by quite a good sized audience.

* *

The basketball boys held a meeting in the Fire Hall on Monday evening for the purpose of making plans for dispersing the basketball debt. They decided to go out thru the town and take up a collection for that purpose. Any pecuniary assistance you can render them will be greatly appreciated.

* *

We are sorry to lose one of our most diligent students. Weary Will has decided that these fine days are too precious to be spent in the stuffy schoolroom.

* *

Sara evidently doesn't appreciate this delightful spring weather and has hung up her storm windows.

* *

Robert has been suffering from severe pains in his heart and lungs. He is afraid he is catching lagrippe.

* *

On account of the poor conditions in travelling and the wash-outs on the roads due to the spring thaws the young ladies who went to take the teachers' examination left two days ahead of time so that they would be sure to be there.
