

# **MAD DOG AT SANBORN**

---

**BERT DIEMERT WITH HIS TRUSTY  
SHOT GUN SHOOTS HYDROPHO-  
BIA OUT OF THE BRUTE.**

---

Sanborn, May 2. — A dog supposed to be afflicted with rabies caused a good deal of excitement and frightened many persons in it's mad race through a section of the country southwest of Sanborn last Monday. It was frothing at the mouth and snapped at everything in it's path which was a wide one you may be sure so far as the denizens of that section of Barnes county were concerned. Bert Diemert proved to be the hero of the occasion when he mounted a horse, siezed his trusty shotgun, followed the mad-dog and shot all the hydrophobia out of the brute.
