A. W. Gutterson was arrested last Wednesday evening for exceeding the speed limit through town on a motor cycle. He was fined \$5 and costs, which amounted to \$8.50. This should be a warning to owners of automobiles and motor cycles, as not a few have been driving through town faster than the law allows, some even going as fast as twenty-five miles an hour inside of the city limits. The city ordinance says not to exceed eight and the city dads are not joking any about the matter so that those in the habit of speeding up through the streets had better take warning in time. — Wimbledon News.
