TO THE CITIZENS OF THIS COUNTY

Having been selected as one of the candidates for the legislature on the Democratic ticket at the primary election held in June I want the people of this county to know exactly where I stand.

1st. I am in favor of the initiative, referendum and recall measures.

2nd. A law to abolish the practice of franks and all special favors and privileges relating especially to judicial, executive and legislative offices.

3rd. An amendment of the Federal constitution for electing U. S. senators by a direct vote of the people, also to commit the levying of an income tax.

4th. I believe in economy; a city, county, state or nation should live within its means.

5th. I am opposed to all trusts, monopolies and all illegal combinations. I believe in the rule of the people's interests instead of that of the corporations.

I invite my fellow citizens to support me for member of the legislature from this district and if elected to that position I will give my vote and support for such measures as shall be in the interest of the many as that against the special privileges of the few. I am,

Yours truly,
adv. 2t John B. Fried.
