

In response to a challenge for a wrestling match issued last week by Edward Hanson, an offer for a return match was made by George Lavenskofki and his challenge accepted. The boys put up a good exhibition on the mat a few weeks ago and lovers of the game hope to see them have another go. A letter was also received from Ed. Allen of Fargo announcing his willingness to accept any of the offers made by local wrestlers. He is in the welterweight class but states he will give lighter men a handicap game and will meet them at any time. Here is a good chance for local aspirants to show their mettle.
