

---

Messrs. Prader, Bouer, H. N. Tucker and W. L. Scott narrowly escaped from what might have been a serious wreck while returning from Valley City Monday evening. While riding on the street car from Valley City proper to the Soo depot, the car in coming down the incline beneath the railroad bridge over the high line, ran into a horse, killing the animal and causing the derailment of the car which came within a few feet of going over the river embankment. Save for a severe shaking up no one was injured by the accident and the occupants considered themselves extremely fortunate to escape with their lives.
