

---

It is pleasing to note that Mr. and Mrs. W. F. Steinway and children have returned to Courtenay to again take up their permanent residence here. They have rented the same dwelling house which they formerly occupied and have already taken up housekeeping. Their furniture and household goods were hauled across country from McHenry last Friday. Mr. Steinway has accepted his former position with the firm of Fosholdt Bros. in their large department store and commenced work soon after his arrival.
