

## Pleasantview Notes

Archey Gorthy visited Wimbledon on Thursday.

Miss Sadie Connels left on Monday to attend school in Minnesota.

John Sloan visited at Archey Gorthy's on Saturday. Glad to see you John.

Tom Hoggarth visited Courtenay on Thursday just in time for the blizzard.

Well, hello central! Here we are slightly embarrassed but we are here with the goods.

Miss Sadie Bond's brother, Ned, visited Mrs. Moore and Miss Annie Moore last week.

In defiance of all Pleasantview weather prophets winter seems to be lingering in the lap of spring.

Christ Nelson purchased a fine driving team at Hans O. Lien's sale. We give you the right of way Christ.

Rob Bradford expects to leave in a few days for Milestone, Assa. Sorry to see you go Bob but business before pleasure.

Mac Turner left last week for a flying trip to Black Duck, Minnesota. Mac is like good weather this month of March rarely seen.

Mr. and Mrs. Ben Oliver and Henry Grasser left on Saturday for Valley City. From there they will go to Idaho to reside in the future.

We learn that Mrs. C. H. Ede has been engaged to teach the Syverson school. They are fortunate in securing an excellent teacher.

Dave Nicholl and Andrew Fenner left this week with two car loads of horses and farm machinery for the Canadian Northwest. We wish the boys success.

Lost: A nice young man. When last seen the wheel marks of his buggy were going north over McWethy's manure pile. Striking the plowing it turned west and mysteriously disappeared. \$10 reward if you find him.
