

Nels Kjos, who lives west of Jessie, had his leg broken Saturday. He was coming to town and was walking along by the wagon when he slipped under the wagon breaking his leg below the knee. He was brought to town and Dr. Kern set the broken limb. It is thought that the leg will have to be amputated, but the Dr. reports that he is doing well at present. A subscription was started in his behalf and the citizens were liberal in their gifts for the unfortunate man and he is now being taken care of at the Palace hotel.
