

Word was received by telegraph Sunday morning that Manley J. Davis was dying at Butte City, Mont., and a later dispatch was received saying that he died Sunday last at noon. Some time ago he had an operation performed on his leg which laid him up and from this he was taken sick with inflammation of the bowels which caused his death. He was a brother of Mrs. Blackwell and Mrs. Carleton and D. R. Davis and is well known in Cooperstown and Griggs county having formerly been in business at this place. The remains were brought back to Sanborn and interred in the cemetery at that place by the side of his children. The case is a sad one indeed, and to the wife and the little son who mourns the loss of husband and father we extend to them, as well as those brothers and sisters, who mourn the loss of a brother, our heartfelt sympathy.
