

---

Elmer Grounitz was called home to Lisbon a few days ago by the serious illness of his mother. Since he went away we learn that the Northern Pacific Company want to promote him by sending him to Bismarck. The people of Cooperstown would like to have Elmer's salary raised but want him sent back to Cooperstown. Elmer is one of the young men who attends strictly to business and is always at his post of duty. Cooperstown does not want to lose him. We hope Supt. Wilson will send him back here.
