

---

Geo. Knudson had quite a serious accident last Sunday evening while scorching down Third street.. He and Carl Nordhaugen were racing, and as George had the better of the race he let go the handle bar with one hand and beckoned for Carl to come on, and as he did so the front wheel of his bike struck a hole and threw him to the ground, dislocating his shoulder blade. He will be laid up for a week or two.—Aneta Panorama.
