

Frank H. Vote met with a very painful accident at the Moore & Vote garage last Tuesday. He was starting a gasolene engine when in some manner he slipped and his right foot was caught and badly cut. No bones were broken but were badly bruised. Mr. Vote is now able to be up and around with the aid of a crutch but it will be several days before he will be able to use the foot again. This is an unfortunate accident occuring at this particularly busy season.
