

ANOTHER LETTER FROM HOSEA

Roseglen, N. D., June 17, '14

Mr. Editor—I now set my grateful Form in a chare to let you know that we have had lots of rane and the Crops are just jumping sideways i expect to see one of the largest Crops that ever was heard tell of for up here is the Best land in the state O i often wish that Donald Campbell and John Mills had only settled in McLean Co. instead of at Hannaford they wouldnt had to rase white Fased cattle and White fased Horses they could rase grane and get a good Big crop

Hosea

B S there was a sad and tipical thing that hapened at garrison there was a man Died and he had a little girl that was 7 or 8 years old and a week after the Funerel a Minister saw the little girl and asked her if her Father talked before he died and she said yes and the Minister asked the little girl what her Fathers last words were and the little girl said he didnt have any last words and the Minister said it was strange if he talked and didnt have any last words and asked her why her Father hadent any last words and the little girl said O Maw was there so hoping this will find all the Hannaford folks well.

From

Hosea Woodward
