
We are a trifle late in announcing the arrival of twins at the home of Wm. Vessey of Urbana, which happy event occurred Oct. 12th. The twins consist of a boy weighing $8\frac{1}{2}$ pounds and a girl weighing $7\frac{1}{2}$ pounds. The Vessey family now consists of nine children, the oldest of whom is fourteen. No race suicide there. If President Roosevelt hears of this he will be telegraphing congratulations.
