Friday evening, January 23, the ladies of the town gave a leap year party at Society hall to their gentlemen friends. The evening was pleasantly spent, the guests returning at a reasonable hour. The Dazey Literary association met at the school house last Saturday evening, adopted a constitution, elected officers, and gave a program. Quite a number were present and considerable interest was manifested in the organization. It is certainly a move in the right direction. Next Friday evening, February 5, public school literary society and the Dazey literary association will give a joint program in Society hall. The orchestra has promised to render a few selections. After the program a basket auction will be held for the benefit of the school library. All the ladies of the village intend to bring baskets, we understand, and all the gentlemen to buy them. So no one need go away supperless. It costs nothing to get in, and each person can suit himself to the expense of getting out,—is the way the report comes to us.
