

most of the time.

Eva, the five year old daughter of Mr. and Mrs. T. M. Getchell, died last Thursday of diphtheria. Mrs. Getchell and the little girl were stopping at the time at the home of Mr. and Mrs. P. Longfellow, while the father was in Williams county making arrangements to move his family out to the claim which he had taken some time ago. Eva was five years old last September and was a bright and winsome child. Her illness was of very brief duration. The funeral, which was private on account of the nature of the disease, was held Friday and the interment was in Hillside cemetery east of the city.
