## Killed By the Cars.

Sanborn Enterprise: Last Monday evening about 7 o'clock, Walter L. Harshman, aged ten years, son of Mr. and Mrs. J. R. Harshman, was run over by N. P. train No. 1 at Eckelson station, the entire train passing over the body and severing it in twain at the chest. The boy with others was playing on the tracks when the train came along. The train men say they did not see the boy and knew nothing of the accident until afterward, as the train does not stop at that station.

The coroner's jury attributed the accident to carelessness on the part of the deceased.
