

Rev. A. M. Hewson and family were in a bad auto smashup at the junction of the trails four miles west of Valley City a week ago Sunday. It appears that a man named George Whipple was driving a large car about 45 miles an hour and evidently tried to beat Hewson to the corner, although the latter had the right of way, and the two cars collided with disastrous results to both. Very luckily, though both cars were loaded, no one was injured.
