
Ole Jacobson

Dies Suddenly

Another untimely call within a few days brings sorrow to a family group and to friends and neighbors. One is prone to stop and ponder on the uncertainty of life's span after all.

Ole Jacobson, pioneer citizen of Dover township, died almost without warning Thursday evening. He had complained a few days before of rheumatism but up to twenty minutes before his death there was no intimation that the end of his life was near.

Funeral services will be held Tuesday afternoon, the hour not being definitely stated.
